National Leader in Anesthesia Revenue Cycle Management

With over 50 years of Service, 3,500 physicians, and a 97% client retention rate, its no wonder why AdvantEdge Solutions is recognized nationally in the RCM industry.

ADVANTEDGE HEALTHCARE SOLUTIONS FOOTPRINT

- Clients with Physical Location
- Medicaid Billing Only
- AdvantEdge Office & Client Locations

Thorough Transparency

Our powerful web-based tool, AdvantEdge Analytics (A2), provides **complete transparency** and allows you to monitor the entire revenue cycle of the practice, allowing faster and better decision-making.

A2 makes medical billing results, including charges, adjustments, payment, A/R, and encounters and units presented in easy-to-understand, summary form available “anytime, anywhere.”

“I have worked with AdvantEdge since I started working at Emerson Hospital over three years ago. I have had a great experience working with all the staff there. I oversee multiple billing offices and have transitioned them to AdvantEdge. I like the reporting that AHS does as well as the provider education (which has been very helpful), accounts receivable and provider enrollment. If anyone has worked with provider enrollment and knows how time consuming this can be, this service is much appreciated.”
